Warm Days are greening Colorado's City of Love and Art as projects are starting to emerge. After submitting many requests for proposals and qualifications these last several months, we are excited to be working on these newest commissions.

Congratulations to Tim Cherry who was just awarded a commission for the enlargement of his *Buffalo Medallion*. Two 120"H 48"W 36"D sculptures will be placed at the Jackson Hole Wyoming Airport. [right]

Congratulations are also in order to Gary Alsum who will be placing a nature based stainless steel and stone sculpture with bench at Centerra's Rangeview 3 Building in Loveland. [below]
